

Press Release

KIOXIA Selected in 2022 Edition of Clarivate Top 100 Global Innovators

Düsseldorf, Germany, 25 February 2022 – [KIOXIA Europe GmbH](#), a world leader in memory solutions today announced KIOXIA has been named a Clarivate Top 100 Global Innovators 2022, an award given to companies at the pinnacle of the global innovation landscape by Clarivate Plc.

KIOXIA was highly evaluated for various reasons including: recognition of its invention of NAND flash memory in 1987, over three decades of industry-leading research and development and the company's efforts to protect and commercialize its intellectual property, including 3D flash memory and other patented technologies on memory storage.

The Clarivate Top 100 Global Innovators 2022 Awards were presented to the world's most innovative companies and organizations, based on Clarivate's proprietary analysis of intellectual property and patent trends. The methodology has been refreshed for 2022, with the new model

of innovation measurement focused on consistent high performance and scale in innovativeness, where all ideas compete equally.

Based on its mission of “uplifting the world with memory,” KIOXIA will cultivate a new era of memory with its innovative memory technology. KIOXIA continues to protect and effectively utilize its intellectual property and proactively develop initiatives to strengthen the competitiveness of its memory and SSD business.
